

*Cabinets & Coatings*

## CABINETS/COUNTERTOPS

*The durability of Wood Powder Coating surfaces combined with the design capabilities make this technology a perfect fit for cabinet doors, drawer fronts and some counter tops.*

Moisture Resistant

Stain Resistant

No Peeling or Delamination

Antimicrobial Additive available which removes 99.9% of bacteria on surfaces

Environmentally Friendly with no off-gassing and no emission of VOC's

*Perfect for Humid Environments*

*Testing has proven Wood Powder Coated components repel water when submerged for extended periods of time, without penetrating to the wood core.*

### POSSIBLE USES:

- Kitchens
- Bathrooms
- Locker Rooms
- Laboratories
- Garages
- Schools
- Restaurants

**b**eautiful shapes and colors  
**t**echnology at the cutting edge  
**d**urability with seamless finish
